HMSA at SMM 2006

SMM Hamburg is with no doubt the leading international trade fair for the maritime sector on the mainland of Europe.

SMM 2006 will once more be presenting a wide range of innovations to meet today's rising standards for more competitive ships.

Holland Marine Services Amsterdam as innovating designer, producer and supplier of the smallest design **Biological Sewage Treatment units, Grease Separators, Grey Water tanks, Ejector type Vacuum Toilet systems and supplier of UV disinfection units, Hydrophore units, Oily Water Separators and the Jets Vacuum Toilet systems** for the shipbuilding markets of Commercial vessels, Dredgers, Tug and other Work boats, Offshore vessels, Drilling Rigs and Luxury Super Yachts has to be present at this event.

The Management of HMSA believes that SMM 2006 is again a perfect opportunity to meet Technical Specialists, Ship Designers and Decision Makers from the entire Maritime industry.

Being a global player in supply of specified equipment and market leader in terms of innovation and flexibility in design means for HMSA also meeting a lot of our satisfied customers in Hamburg.
